

Friday 14th May  
Littlewood Hall, Leeds  
General Infirmary, Leeds.

Kyphoplasty or  
vertebroplasty?

Reimbursement,  
does it pay ?

How to set up a  
service and optimise  
your service

# Controversies in Vertebral Cement Augmentation 2010

**Registration 9- 9.20am**

## The History and treatment of pain

9.30 Welcome – Mr Jake Timothy

9.40 The Historical Perspective, lessons learnt from the past-

9.55 Patient selection and other options to treat pain

Discussion

**Chair Mr Jake Timothy**

Dr Whitehouse

Dr Baranidharan

## The techniques

10. 10 Vertebroplasty: Indications and technique: How I do it.

- When vertebroplasty is not enough:

10.30 Kyphoplasty

10.40 Stenting systems

10.50 Coblation techniques

11.00 Keynote lecture: Vertebral Augmentation in the NHS: Indications and Efficacy

Discussion

**Chair Mr Andrew Grainger**

Dr Grainger

John Yeh

Zdanek Klezl

David Wilson

David Wilson

## 11.15 Coffee

### Debate

When should osteoporotic fractures be treated?

**Chair Mr Peter Milner**

11.30 I would treat them early- John Yeh

11.40 I would treat late or not at all – Robert Dunismuir

## Research and Evidence

11.50 Biomechanical consequences of augmentation –

12.10 The definitive trial or just spin - what's the evidence?

Prof Richard Hall

Dr Annersley-Williams

## 12.25 - Lunch - Delegates to submit questions for afternoon session

**Lunchtime seminar – 5 min pitch by each company to advertise their product 1pm**

## Service development and reimbursement

2pm Where do you start and NICE guidelines

2.15 Setting up a service- the nuts and bolts

2.25 Reimbursement and service agreements with PCT's

2.35 Keynote Lecture: Coding for cement augmentation, does it make profit?–

**Chair Mr Ashley Cole**

Dr Patankar /Dr Goddard

Karen Flynn/Christine Comer

tba

Mr Robert Dredge

## Cement augmentation role in tumours

3 pm Vertebral augmentation for tumours/myeloma

Greatest and worst moments and the future of cement augmentation -

**Chair Mr Abhay Rao**

Gordon Cook

Jake Timothy

## 3.30 Coffee

## 3.45 Delegates question time

3.15 Question Time- questions from lunchtime submissions all your questions answered **All Faculty**

**Chair Mr Evan Davies**

## 5 pm Close of meeting

Vertebroplasty, kyphoplasty, coblation and other new techniques will play an increasingly important tool in the treatment of spinal pathologies, however, there are many controversies concerning indications, evidence and the techniques themselves. This is the second conference of its kind and is relevant to surgeons, radiologists, pain specialists and business managers. The course is aimed to stimulate and debate some of the more difficult issues but will be useful for those who are thinking about embarking on setting up such a service. **Jake Timothy, Consultant Neurosurgeon, Leeds.**

## Speakers and Faculty

**Local Spinal Surgeons/Senior Physiotherapist, Radiologists**  
**Leeds General Infirmary**  
**Mr Robert Dunismuir**  
**Mr Peter Millner**  
**Mr Abhay Rao**

**Dr Tony Goddard**  
**Christine Comer**  
**Karen Flynn**  
**Dr Tufail Patankar**

**Dr Richard Whitehouse**  
**Consultant Radiologist**  
**Hope Hospital, Manchester**

**Professor Richard Hall**  
**Professor of Mechanical**  
**Engineering, University of Leeds**

**Dr Ganesh Baranidharan**  
**Consultant Pain Specialist**  
**Leeds Teaching Hospitals Trust**

**Dr Deborah Annersley-Williams**  
**Consultant Radiologist**  
**Nottingham**

**Dr Andrew Grainger**  
**Consultant MSK Radiologist**  
**Leeds Teaching Hospitals Trust**

**Mr Ashley Cole**  
**Consultant Orthopaedic Surgeon,**  
**Sheffield Teaching Hospitals**

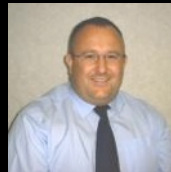

**Mr John Yeh**  
**Consultant Neurosurgeon**  
**The Royal London Hospital**

**Mr Bob Dredge, Health**  
**Economist, University of Keele**

**Mr Zdanek Klezl**  
**Consultant Orthopaedic Surgeon**  
**Derby Royal Infirmary**

**Mr Evan Davies**  
**Consultant Orthopaedic Surgeon**  
**Southampton University Hospital**

**Dr David Wilson**  
**Consultant Radiologist**  
**Oxford NHS Trust**

**Dr Gordon Cook**  
**Consultant Haematologist**  
**Board of Directors, Myeloma UK**
